Version History

Version	Date	Author	Change Description
1.0	May 2026	Complete Digital Solutions, Inc.	Initial UAT document — Employee version

1 Purpose

This document is the Employee User Acceptance Testing (UAT) guide for the HRIS_WEB01 system. It is designed for regular employees (Members) of the Sangguniang Panlungsod ng Maynila who will be testing the system from their own accounts.

As an employee tester, you will verify that the features available to you work correctly and that you can use them comfortably. You do not need any technical knowledge. Simply follow the steps in each test case, write down what you see, and mark each test as PASS or FAIL.

TIP: This guide covers only the features visible to a regular Employee account. For Administrator features, refer to the separate HR Administrator UAT document.

2 Scope

This Employee UAT covers the following features that are accessible to a regular employee (Member) account:

No.	Feature	What the Employee Can Do
1	Login	Sign in using your username and password
2	Change Password	Update your own login password
3	My Personal Data Sheet (PDS)	View your CS Form No. 212 and print it
4	My Clearance	File a clearance request and check its status
5	My 201 Files	View and download your 201 documents uploaded by HR
6	My Service Record	View and print your Service Record

The following features are NOT part of this Employee UAT:

- Reports module (excluded from UAT scope)
- Administrator functions (User Management, System Settings, editing PDS, uploading 201 files, etc.)

3 Testing Objectives

The goal of this Employee UAT is to confirm:

- You can log in and log out of the system using your own account.
- You can view and print your Personal Data Sheet (PDS / CS Form No. 212).
- You can file a Clearance Request and see its approval status.
- You can view and download your 201 Files (official documents).
- You can view and print your Service Record.
- All information shown is accurate — it matches what the HR Division has on file.
- The system is easy to understand and navigate without any technical assistance.

TIP: If any information shown in the system is incorrect (for example, a wrong name or wrong date), report it immediately to the UAT Coordinator. This is important feedback.

4 Test Team

The following people are involved in this Employee UAT:

Name	Department / Position	Role in UAT
		UAT Coordinator — coordinates and collects test results
		Employee Tester — tests employee-facing features
		Employee Tester — tests employee-facing features
Complete Digital Solutions, Inc.	System Developer	Technical support during testing

5 Test Environment

System Name:	HRIS_WEB01 — Human Resource Information System
Environment:	User Acceptance Testing (UAT)
Browser:	Google Chrome (latest version recommended)
Application URL:	To be provided by the UAT Coordinator
Employee Login:	Your assigned username and password
Test Data:	Your actual employee record and sample data prepared by HR

TIP: Use Google Chrome for best results. If you encounter display issues in another browser, switch to Chrome before reporting a problem.

6 How to Use This Document

Follow these steps when testing each feature:

Step	What to Do
1	Read the Pre-Condition before starting. Make sure it is true before you begin.
2	Follow each Step / Action exactly as written.
3	In the Actual Result column — write what actually happened on your screen.
4	In the P / F column — write PASS if the actual result matches the expected result. Write FAIL if it does not.
5	If you see an error or something unexpected — take a screenshot and report it to the UAT Coordinator.

TIP: Do not skip any step. Every test case must be completed, even if the feature looks correct.

7 UAT Test Cases

This section contains all the test cases for the Employee UAT. Each test case has a screenshot showing the screen you will be testing, followed by a table of steps to follow.

Column	What to Write
Step / Action	This tells you exactly what to do on screen.
Expected Result	This is what SHOULD happen. Compare this to what you actually see.
Actual Result	Write exactly what happened on your screen — even if it is wrong or different.
P / F	Write PASS if the actual result matches the expected result. Write FAIL if it does not.

TIP: Important: Do not skip any test case. Even if a feature looks fine, you must still complete every step and record the result.

Overview — Employee Dashboard

After logging in, you will see your employee profile dashboard. The left sidebar shows all the features available to you as a regular employee.

The screenshot displays the DSH-EMP employee dashboard. On the left is a dark sidebar with a user profile for MA. LOURDES S. SABAO (HR ADMIN) and a list of navigation items: Dashboard, My Account (selected), Personal Data Sheet, My Service Record, My 201 Files, Change Password, and Logout. The main content area features a 'Personal Information' form. At the top left of this area is a circular profile picture of a woman and a summary card for IAN S. OROZCO, including his position, division, assumption date, birthday, age, and mobile number. Below this is a 'Personal Data Sheet' section with a checklist of items: Personal Information (checked), Family Background, Educational Background, Eligibility, Work Experience, and Voluntary Work. The main form contains various input fields for personal details: Employee No. (1111), Date Assumed (1999-12-30), Plantilla No. (1111), First Name (Ian), Last Name (Orozco), Middle Name (S), Suffix (Sample Jr. Sr.), Birthdate (2000-01-03), Birth Place (MANILA), Tel No. (Tel No.), Mobile (09062794574), Email (admin@gmail.com), Gender (MALE), Civil Status (MARRIED), Citizenship (FILIPINO BY BIRTH), Height (Height in m), Weight (Weight in Kg), Blood Type (SELECT VALUE), Pagbig No., Philhealth No., GSIS ID No., SSS ID No., TIN, and Employment Status (PERMANENT).

3	Check that the PDF shows your correct information.	The PDF is formatted as CS Form No. 212 and shows your data correctly.		

7.5 My Clearance

Screenshot: CLR-01 my clearance

Screenshot: CLR-02 clearance list

The Clearance module allows you to file a clearance request online. After you file it, the HR Administrator will review and either approve or disapprove your request. You can check the status of your request at any time.

Test Case ID: TC-EMP-CLR-001	Expected Result	Actual Result	Status

	2	Look at the Status column of your request.	The status is shown (e.g., New, Approved, or Disapproved).		
3	If the HR Admin has already acted on the request — check whether it shows Approved or Disapproved.	The updated status is visible without needing to contact HR.			

7.6 My 201 Files

Screenshot: F201-01 201 files

Your 201 Files are your official employment documents uploaded to the system by the HR Administrator (e.g., NBI Clearance, Medical Certificate, Birth Certificate). As an employee, you can view and download your own documents but you cannot upload new files.

Test Case ID: TC-EMP-201-001		Expected Result	Actual Result	Status

1	Look for an Upload or Attach button on the page.	There is no Upload button visible to you. Only the HR Administrator can upload 201 documents.		

7.7 My Service Record

Screenshot: SVC-01 service record

The Service Record shows your complete history of government service — including all positions held, dates, salary, and appointment status. You can view and print your service record. Only the HR Administrator can add or edit entries.

Test Case ID: TC-EMP-SVC-001		Expected Result	Actual Result	Status
Scenario:	View my service record			
	You are logged in. At least one service record entry has been entered by the HR Administrator.			
Step #	Step / Action	Expected Result	Actual Result	P / F
1	Click 'My Service Record' in the navigation menu.	Your service record page opens.		

2	Check the list of service entries shown.	A table shows entries with: Inclusive Dates (From / To), Position Title, Office/Division, Monthly Salary, and Appointment Status.		
3	Verify that the entries shown are your actual service history.	The records match what the HR Division has on file for you.		

Test Case ID: TC-EMP-SVC-002		Expected Result	Actual Result	Status
S c e n a r i o : P r e - C o n d i t i o n:	Print my service record			
	You are on the My Service Record page and entries are present.			
Step #	Step / Action	Expected Result	Actual Result	P / F
1	Click the 'View Service Record Report' button at the top of the page.	A dialog or form appears asking for the Print Date and Notes.		
2	Enter today's date in the Print Date field.	The date is entered.		
3	Leave the Notes as they are (default text is already filled in) or make any changes.	Notes are ready.		
4	Click Submit.	A printable PDF of your Service Record opens in a new browser tab.		
5	Check that the PDF shows your complete service history.	The PDF is correctly formatted and shows all		

		your entries.
